

Statement Arts (StART) Summer Stage Manager Internship

Education Objective:

Are you super organized? Are you interested in learning more about the behind-the-scenes work required for projects to run smoothly? If so, you should consider our Stage Manager Internship!

The Stage Manager internship is a part of the StART Works program that offers internships to the StART Alumni who have completed either or both StART Young and StART Dreaming programs in the past. The StART Works program is designed to provide our alumni with training and experience to further their professional aspirations and career goals. Through this program, our alumni also inspire and serve as role models to new students joining StART Young Music & Theater and StART Dreaming College Readiness programs.

What You Will Learn and Experience:

As a Stage Manager intern, you will work closely with the StART team members and support the StART Dreaming Program. You will be helping our students prepare for college auditions, complete their college entrance essay, receive professional headshots, and perform together in two final productions. This intern will play a key role to support the program sessions including the final showcase activities, therefore, **you will not be able to perform in the final showcase as a performer.**

- Work directly with the Artistic Director from the beginning to the end of the program
- Perform administrative program tasks, including (but not limited to) taking formal attendance, texting/calling students if they are running late, and setting up lunch daily.
- Serve as a deputy of the Artistic Director, which requires bringing concerns and issues reported by other interns and students directly to the Artistic Director.
- Coordinate organizing the final performance, including organizing students backstage, assisting ticket holders, and setting up the house.
- Serve as a role model and offer general support to new students.
- Perform additional programmatic and organizational tasks as required

Who We Are Looking For:

You must LOVE working with young people and igniting passion, curiosity, and joy in others.

Strong candidates will be punctual, professional, organized, and able to work independently. Candidates must be available for the times outlined below.

What Success Looks Like:

The Summer Stage Manager Intern will establish and maintain a supportive and inspiring environment for students to feel comfortable being vulnerable, creative, and engaged. The intern will communicate regularly with staff for directions, questions, and issues that impact the program and final performance.

COVID-19 Protocol

Due to the continual changes and adaptations to COVID-19, we will abide by the CDC, and New York State and New York City Guidelines. Our protocols may change based on changes issued by the CDC, and New York State and New York City Guidelines.

Stipend and Schedule:
